In the opinion of Bond Counsel, subject to compliance with certain tax covenants, interest on the Bonds is not includable in gross income for federal income tax purposes under existing statutes, regulations, rulings and court decisions. Interest on the Bonds will not be an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds will be taken into account in determining adjusted current earnings for purposes of computing the alternative minimum tax imposed on corporations. See TAX MATTERS for a description of certain other federal tax consequences of ownership of the Bonds. Bond Counsel is further of the opinion that the Bonds and the interest thereon are exempt from state, Commonwealth of Puerto Rico and local income taxation.

COMMONWEALTH OF PUERTO RICO
Public Improvement Refunding Bonds, Series 2011 C
(General Obligation Bonds)

INTRODUCTORY STATEMENT

This Official Statement of the Commonwealth of Puerto Rico (the “Commonwealth” or “Puerto Rico”), which includes the cover page, the inside cover page, the table of contents and the appendices, provides certain information in connection with the sale of \$442,015,000 Commonwealth of Puerto Rico Public Improvement Refunding Bonds, Series 2011 C (the “Bonds”).

The Bonds are being issued under the provisions of Act No. 33 of the Legislative Assembly of Puerto Rico, approved on December 7, 1942, as amended (the “Act”), and pursuant to a resolution authorizing the issuance of the Bonds (the “Bond Resolution”) adopted in accordance with the Act by the Secretary of the Treasury of the Commonwealth (the “Secretary”) and approved by the Governor of Puerto Rico on March 10, 2011. The Bonds are being issued to provide funds to repay advances made to the Commonwealth under a Government Development Bank for Puerto Rico (“Government Development Bank” or “GDB”) line of credit used to make deposits to the Commonwealth’s Redemption Fund (as defined below) for the payment of interest on certain general obligation bonds and notes, as discussed under PLAN OF FINANCING.

The scheduled payment of principal of and interest on the Bonds maturing on July 1, 2026, July 1, 2027, July 2028, July 1, 2032 bearing interest at a rate of 5.50%, July 1, 2036 bearing interest at a rate of 6.00%, and July 1, 2037 (the “Insured Bonds”), when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Insured Bonds by Assured Guaranty Municipal Corp. (formerly known as Financial Security Assurance Inc.) (“AGM”), as indicated on the inside cover of this Official Statement.

Under the Act, the good faith, credit and taxing power of the Commonwealth are irrevocably pledged for the prompt payment of the principal of and interest on the Bonds. The Constitution of Puerto Rico provides that public debt of the Commonwealth, which includes the Bonds, constitutes a first claim on available Commonwealth resources.

This Official Statement includes the Commonwealth’s Financial Information and Operating Data Report, dated February 10, 2011 (the “Commonwealth Report”), attached hereto as *Appendix I*. The Commonwealth Report includes important operating and financial information about the Commonwealth, including information about its economy, historical revenues and expenditures of its General Fund, preliminary unaudited year-end results of fiscal year 2010, the budget for fiscal year 2011, the debt of the Commonwealth’s public sector, the financial situation of the Government’s retirement systems, and certain litigation involving the Commonwealth, and should be read in its entirety.

The Comprehensive Annual Financial Report of the Commonwealth for the fiscal year ended June 30, 2009 was prepared by the Department of the Treasury of the Commonwealth (the

“Commonwealth’s Annual Financial Report”) and is incorporated by reference herein. The Commonwealth’s Annual Financial Report includes the basic financial statements of the Commonwealth as of and for the fiscal year ended June 30, 2009, together with the independent auditors’ report thereon (which report expresses an unqualified opinion and includes emphasis of matter paragraphs regarding investments held by the Retirement Systems whose fair values have been estimated in the absence of readily determinable fair values and the Retirement Systems’ unfunded actuarial accrued liabilities and funded ratios as of June 30, 2009), dated October 22, 2010, of Deloitte & Touche LLP, certified public accountants. Deloitte & Touche LLP did not audit the financial statements of certain activities, funds, and component units separately identified in its report. Those financial statements were audited by other auditors whose reports have been furnished to Deloitte & Touche LLP, and its opinion as to the basic financial statements, insofar as it relates to the amounts included in the basic financial statements pertaining to such activities, funds and component units, is based solely on the reports of the other auditors. The Commonwealth’s Annual Financial Report was filed on October 25, 2010 (after the May 1, 2010 requirement discussed below) by the Commonwealth with the Municipal Securities Rulemaking Board (“MSRB”) through the Electronic Municipal Market Access System (“EMMA”) (<http://emma.msrb.org>).

Any appendix of an Official Statement of the Commonwealth or of any instrumentality of the Commonwealth containing any revision to the Commonwealth Report or to the Commonwealth’s Annual Financial Report that is filed with the MSRB through EMMA, or any new or revised Commonwealth Report or Commonwealth’s Annual Financial Report or other document containing information that modifies or supersedes the information contained in the Commonwealth Report or in the Commonwealth’s Annual Financial Report that is filed with the MSRB through EMMA, in each case after the date hereof and prior to the termination of the offering of the Bonds, shall be deemed to be incorporated by reference into this Official Statement and to be part of this Official Statement from the date of filing of such document. Any statement contained in the Commonwealth’s Annual Financial Report shall be deemed to be modified or superseded for purposes of this Official Statement to the extent that a statement contained herein or in any such subsequently filed document modifies or supersedes such statement. Any statement contained in the Commonwealth Report or elsewhere herein shall also be deemed to be modified or superseded to the extent that a statement contained in any such subsequently filed document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Official Statement.

The Commonwealth has entered into a number of continuing disclosure undertakings required under Rule 15c2-12, as amended (the “Rule”), promulgated by the Securities and Exchange Commission (“SEC”) in connection with previously issued bonds. Under its existing continuing disclosure undertakings, the Commonwealth is obligated to file on or before May 1 in each year updates of its financial, operational and macroeconomic information through the end of the prior fiscal year. The Commonwealth complies with this continuing disclosure undertaking by filing updates of the Commonwealth Report and by filing the Commonwealth’s Annual Financial Report for the preceding fiscal year. During the past five years, the Commonwealth has not complied in all material respects with its obligations under such continuing disclosure undertakings, as discussed below.

In the case of the Commonwealth's Annual Financial Report for fiscal years 2006, 2007 and 2008, the Commonwealth failed to file such report by the May 1 continuing disclosure update deadline due to accounting rules changes and other reasons (mostly related to delays in receipt of component units' audited financial statements). For each fiscal year in which it did not comply with the filing deadline, the Commonwealth filed the Commonwealth's Annual Financial Report by the end of the first quarter of the following fiscal year. The Commonwealth's Annual Financial Report for the fiscal year ended June 30, 2009 was not filed prior to the continuing disclosure update deadline of May 1, 2010 due to delays in the engagement of and transition to new external auditors, the implementation of new government accounting pronouncements, and the restatement of the financial statements of certain discretely presented component units. Such report was filed on October 25, 2010.

In the case of the Commonwealth Report, except for the Commonwealth Report relating to fiscal year ended June 30, 2008, the Commonwealth has timely filed such reports. The Commonwealth Report for the fiscal year ended June 30, 2008 was filed on June 1, 2009. For more information regarding the Commonwealth's compliance with its continuing disclosure obligation, see "Prior Continuing Disclosure Non-Compliance" under CONTINUING DISCLOSURE.

The Commonwealth will provide without charge to any person to whom this Official Statement is delivered, on the written or oral request of such person, a copy of the Commonwealth Report and the Commonwealth's Annual Financial Report incorporated herein by reference. Requests should be directed to Executive Vice President, Government Development Bank for Puerto Rico, 135 West 50th Street, 22nd Floor, New York, New York 10020, telephone number (212) 333-0364, or to Vice President - General Obligations Division, Government Development Bank for Puerto Rico, P.O. Box 42001, San Juan, Puerto Rico 00940, telephone number (787) 722-7060.

A copy of the Commonwealth's Annual Financial Report and the Commonwealth Report may also be obtained through EMMA at <http://emma.msrb.org> (but only for filings made after June 30, 2009) or by visiting the Government Development Bank's website at www.gdbpr.com. No additional information on the Government Development Bank's website is deemed to be part of or incorporated by reference in this Official Statement.

OVERVIEW

According to the United States Census Bureau, the population of Puerto Rico was 3,725,789 in 2010, compared to 3,808,610 in 2000. Puerto Rico's constitutional status is that of a territory of the United States, and, pursuant to the territorial clause of the U.S. Constitution, the ultimate source of power over Puerto Rico is the U.S. Congress. The relationship between the United States and Puerto Rico is referred to as commonwealth status.

The United States and the Commonwealth share a common defense, market, currency and citizenship. The Commonwealth exercises virtually the same control over its internal affairs as do the 50 states. It differs from the states, however, in its relationship with the federal government. The people of Puerto Rico are citizens of the United States but do not vote in national elections. They are represented in Congress by a Resident Commissioner that has a

Debt Limitation

Constitutional Debt Limitation

Section 2 of Article VI of the Constitution of Puerto Rico provides that direct obligations of the Commonwealth evidenced by full faith and credit bonds or notes shall not be issued if the amount of the principal of and interest on such bonds and notes and on all such bonds and notes theretofore issued that is payable in any fiscal year, together with any amount paid by the Commonwealth in the fiscal year preceding the fiscal year of such proposed issuance on account of bonds or notes guaranteed by the Commonwealth, exceed 15% of the average annual revenues raised under the provisions of Commonwealth legislation and deposited into the Treasury (hereinafter “internal revenues”) in the two fiscal years preceding the fiscal year of such proposed issuance. Section 2 of Article VI does not limit the amount of debt that the Commonwealth may guarantee so long as the 15% limitation is not exceeded through payments by the Commonwealth on such guaranteed debt. Internal revenues consist principally of income taxes, property taxes, sales and use taxes and excise taxes. Certain revenues, such as federal excise taxes on offshore shipments of alcoholic beverages and tobacco products and customs duties, which are collected by the United States Government and returned to the Treasury, and motor vehicle fuel taxes, crude oil and derivative products excise taxes and license fees, which are allocated to the Highways Authority, are not included as internal revenues for the purpose of calculating the debt limit, although they may be available for the payment of debt service. In addition, the portion of the sales and use tax allocated to COFINA is also not included as internal revenues consistent with the legislation creating COFINA, which legislation transfers ownership of such portion of the sales and use tax to COFINA and provides that such portion is not “available Commonwealth resources” under the above cited Constitutional provisions relating to public debt.

Variable Rate Bonds and Swap Agreements

Joint Resolution No. 2104 of the Legislative Assembly of Puerto Rico, approved on September 30, 2004 (“Joint Resolution No. 2104”), authorized the Commonwealth to enter into interest rate exchange agreements with respect to the Commonwealth’s \$447,875,000 Public Improvement Refunding Bonds, Series 2004B (the “Series 2004B Bonds”), which were issued as variable rate bonds. Joint Resolution No. 2104 allows the Commonwealth to calculate the 15% constitutional debt limitation using (i) the fixed rate it is required to pay under any interest rate exchange agreement entered into by the Commonwealth in connection with the Series 2004B Bonds, and (ii) the lesser of (A) the maximum interest rate allowed by law, and (B) the maximum interest rate set forth in the resolution approving the bonds, if any, in connection with the Commonwealth’s \$279,240,000 Public Improvement Refunding Bonds, Series 2004A (the “Series 2004A Bonds”) and any Series 2004B Bonds for which no interest rate exchange agreement is executed. In November 2004, the Commonwealth entered into two interest rate exchange agreements with respect to the Series 2004B Bonds.

Act No. 39 of the Legislative Assembly of Puerto Rico, approved on August 1, 2005, as amended (“Act No. 39 of 2005”) authorizes the Commonwealth to enter into interest rate exchange agreements with respect to its general obligation bonds, subject to certain conditions, including that the agreements are entered into to reduce certain financial risks associated with

issuing variable rate obligations. The Secretary is also authorized to pledge the full faith, credit and taxing power of the Commonwealth for the payment of the obligations incurred under such interest rate exchange agreements. Act No. 39 of 2005 allows the Commonwealth to calculate the constitutional debt limit in a manner identical to that utilized in Joint Resolution No. 2104.

In August 2006, the Commonwealth issued its \$500,000,000 Public Improvement Bonds of 2006, Series A, a portion of which bonds bear interest at a rate that will change periodically based on changes in the United States consumer price index. In connection with such consumer price index floating rate bonds (the “2006 CPI Bonds”), the Commonwealth entered into an interest rate exchange agreement, the effect of which will economically enable the Commonwealth to pay a fixed rate of interest in respect thereof.

In August and September 2006, the Commonwealth entered into interest rate exchange agreements, the effect of which will economically enable the Commonwealth to pay a fixed rate of interest in respect of a portion of the Commonwealth’s \$1,018,245,000 Public Improvement Refunding Bonds, Series 2003C (said portion, the “2003C Swap Bonds”) and whose payments commenced on July 1, 2008, the end of the initial fixed rate period on the 2003C Swap Bonds.

In October 2007, the Commonwealth issued its \$926,570,000 Public Improvement Refunding Bonds, Series 2007 A, a portion of which bonds bear interest at a variable rate and, in connection with said bonds (said portion, the “2007 Swap Bonds”) entered into an interest rate exchange agreement, the effect of which will economically enable the Commonwealth to pay a fixed rate of interest in respect thereof.

In May 2008, the Commonwealth issued its \$173,975,000 Public Improvement Refunding Bonds, Series 2008B (the “2008 Swap Bonds”), which bear interest at a variable rate, for the purpose of refunding a portion of the Series 2004B Bonds, and, in connection therewith, continued the swap related to such refunded Series 2004B Bonds.

In addition, the Commonwealth has also executed under the authority granted in Act No. 39 of 2005, interest rate exchange agreements in which the Commonwealth is making payments on \$1,698,370,000 notional amount of public improvement bonds based on a short-term interest rate index published by Securities Industry and Financial Markets Association (“SIFMA”) and is receiving from its counterparties payments on the same notional amount based on the published three-month London Interbank Offered Rate index (the “basis swap”).

See “Interest Rate Exchange Agreements” under DEBT in *Appendix I* for a list of the Commonwealth’s outstanding interest rate exchange agreements and their mark-to-market value as of December 31, 2010.

After giving effect to the issuance of the Bonds, future maximum annual debt service for the Commonwealth’s outstanding general obligation debt is \$957,900,517.25 in the fiscal year ending June 30, 2015 (based on the assumption that (i) the Series 2004A Bonds bear interest at their actual rate per annum through July 1, 2012 and thereafter at 12% per annum, (ii) the outstanding 2003C Swap Bonds, Series 2004B Bonds, 2006 CPI Bonds, 2007 Swap Bonds and the 2008 Swap Bonds, bear interest at 12% per annum and (iii) the public improvement bonds to

which the basis swap relates bear interest at their stated interest rates rather than the rates set forth in the basis swap). This amount (\$957,900,517.25) plus the amount paid by the Commonwealth in the preceding fiscal year on account of bonds or notes guaranteed by the Commonwealth (\$10,491,303), for a total of \$968,391,820.25, is equal to 13.23% of \$7,320,525,500, which is the average of the adjusted preliminary internal revenues for the fiscal years ended June 30, 2009 and 2010. If the interest on the outstanding bonds described in clause (ii) above is calculated using the fixed rate paid by the Commonwealth under the interest rate exchange agreements executed in connection with such bonds, the percentage referred to in the preceding sentence would be 11.97%. Any potential termination payment (which is a full faith and credit obligation of the Commonwealth) payable by the Commonwealth (which is based on the then applicable mark-to-market value) upon termination of the above mentioned swap agreements is not included in the calculation of the 15% constitutional debt limitation.

Debt service for the Puerto Rico Aqueduct and Sewer Authority ("PRASA") guaranteed bonds of approximately \$30 million was paid by PRASA during the last two fiscal years and, thus, is not included in the calculation of the 15% constitutional debt limitation. See "Other Public Corporations – Aqueduct and Sewer Authority" under *Public Corporations* in *Appendix I*. In the event PRASA is unable to make any portion of the future debt service payments on its guaranteed bonds, the Commonwealth would be required to make such payments under its guarantee from the General Fund and such debt service would, to the extent paid by the Commonwealth, be included in the calculation of the 15% debt limitation.

As of September 30, 2010, Port of the Americas Authority had outstanding bonds guaranteed by the Commonwealth (the "POA Guaranteed Bonds"), representing a \$250 million GDB financing with an outstanding principal amount of \$198.7 million. The Commonwealth has begun to make payments of debt service on the POA Guaranteed Bonds and expects to make all payment on the POA Guaranteed Bonds under the full faith and credit guarantee of the Commonwealth. During fiscal year 2010, the Commonwealth made payments under its guaranty of the POA Guaranteed Bonds of \$10.5 million. See "Commonwealth Guaranteed Debt" under *Debt* in *Appendix I*.

Maturity Limitation

The Constitution provides that no bonds or notes of the Commonwealth shall mature later than 30 years from their date of issue, except bonds or notes for housing facilities, which shall mature in no more than 40 years.

BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Insured Bonds, AGM will issue its Municipal Bond Insurance Policy (the "Policy") for the Insured Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Insured Bonds when due as set forth in the form of the Policy included as Appendix III to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

(1) Since fiscal year 1997, the Commonwealth had been paying approximately \$30 million annual debt service on PRASA bonds and other obligations guaranteed by the Commonwealth. Beginning with the debt service payment due January 1, 2006, the Commonwealth stopped making such payments and PRASA resumed making all payments due on and after such date from its net revenues. In the event PRASA is unable to make any portion of the future debt service payments on its guaranteed bonds, the Commonwealth would be required to make such payments under its guarantees from the General Fund. The amounts shown in this column do not include payments made by the Commonwealth on the POA Guaranteed Bonds, which are paid from General Fund budgetary appropriations determined in consultation with GDB, as holder of the POA Guaranteed Bonds. The amounts paid by the Commonwealth under the POA Guaranteed Bonds for the prior fiscal year, however, are taken into account in the determination of the constitutional debt limit.

(2) Excludes the payment of interest by the Commonwealth on January 1, 2011 in the amount of \$231,893,100.10.
